*Senior Registered Client Associate*

**Bev Surratt: (469) 718-7156**  
*Senior Registered Client Associate, Vice President*

**Valet:** You can pull into the motor court between the office building and the hotel to use our complimentary valet. There are actually (3) valet stands, and the valet stand you want to use is in front of the office building 200 (directly across from the hotel entrance). We will validate your valet parking for you.

**Parking Garage:** There are (3) entrances to the underground parking garage- Off Cedar Springs, Maple Ave., and N. Pearl Street. You will be sent a text with your parking valet ID- please keep this text and provide it to us upon your departure so we can validate your parking.

Once you enter building 200, you will turn left and walk down to the lobby of building 100. (An easy way to find the correct direction is to head towards the restaurant called Moxies). Moxies is located at the bottom floor of building 100, and our office is in building 100 as well, on the 14<sup>th</sup> floor.

Once in the lobby of building 100, you will find the elevators a little different than most. There is a keypad outside of the elevator bank. You will hit the button that says "Floor 14" and this will direct you to which elevator will take you there (the elevators are labelled by letters E, F, G, & H). Once you walk into the elevator there will be no buttons, and the elevator will automatically take you to the selected floor.
