

PIM Aggressive

1st Quarter 2026

Shearwater Creek Wealth Advisors Investment Philosophy

Our investment philosophy focuses on helping clients reach their goals instead of chasing the highest return or “beating the market.” Using deliberately conservative assumptions, we engage clients in a multi-step process to prioritize which goals they value most. Next, we stress test multiple scenarios to set realistic expectations and manage risk. Having clear goals in mind at the outset allows us to determine how investments should be best positioned. After all, conservative planning and realistic goal setting can lead to better investor confidence.

Portfolio Overview

PIM Aggressive is designed to fund long-term investment objectives and is designed to be invested in equity investments. The portfolio can experience higher market volatility and seeks to outperform the S&P 500 over a full market cycle (3-5 years).

All investing involves risk, including the possible loss of principal, and there is no assurance that any investment strategy will be successful.

As each Private Investment Management (PIM®) program account is individually managed, construction and ongoing management of portfolios may vary from those discussed. Past performance is not indicative of future results.

The PIM program is not designed for excessively traded or inactive accounts and is not appropriate for all investors. Please carefully review the Wells Fargo Advisors advisory disclosure document for a full description of our services. The minimum account size for this program is \$50,000.

Investment products and services are offered through Wells Fargo Advisors Financial Network, LLC (WFAFN), member FINRA/SIPC, a registered broker dealer and nonbank affiliate of Wells Fargo & Company. WFAFN uses the trade name Wells Fargo Advisors. Shearwater Creek Wealth Advisors, LLC is a separate entity from WFAFN.
