Retirement asset consolidation

Most investors have accumulated a number of retirement accounts over the years. To simplify your finances, consider consolidating your financial assets with one provider.

Combining retirement assets into an IRA at Wells Fargo Advisors can offer you the following:

- Ease in managing your investment strategy
- RMD simplification
- Effective beneficiary planning
- One monthly statement
- Potentially fewer fees

Beneficiary planning

Clear establishment of your IRA beneficiaries today will help ensure your assets are distributed as you wish. It's important to review and update your beneficiaries every few years or after significant life events, such as a birth of a child or grandchild, a marriage or divorce, or the death of a beneficiary.

Beneficiaries named in retirement accounts take precedence over instructions in a will or trust.

RMDs

Traditional, SEP, and SIMPLE IRA owners begin taking RMDs by your Required Beginning Date (RBD), which is generally April 1 following the year you turn age 73, and annually thereafter.

Eligible designated beneficiaries and beneficiaries who inherited a Traditional and/or Roth IRA on or before December 31, 2019 begin taking RMDs by December 31 of the year following the death of the IRA owner.

We help you choose

At Wells Fargo Advisors, we understand the significance of your retirement planning decisions. We offer the services you need to better understand which IRA is appropriate for your personal financial situation. Contact your financial advisor today for a complimentary consultation.
